## "Possibilities in Dentistry" Receives Rave Reviews

**E**ndodontic Associates 2006 Summer Seminar—"Possibilities In Dentistry" featuring Dr. David Little—was a huge success. We had a great turnout, with more than 100 dentists in attendance this year. Dr. Little presented new concepts in implant and cosmetic dentistry.

Endodontic Associates, joined by Caulk/Dentsply and Patterson Dental Supply, again co-sponsored the free seminar. More than \$6000 in door prizes were given away to 14 lucky winners!

Time flies when you're having fun... at least, according to Business Assistant Cara Jones. In December, Cara will

**Cara Jones**  
Business Assistant

celebrate her ninth anniversary at Endodontic Associates. For her, spending time at the office is like spending time with family.

“I enjoy all of the people I work with and the new challenges my job offers,” said Cara. “I really like to interact with our patients. I get the best feeling when they say something like ‘It was much easier than I thought...I was scared for nothing!’

“That means we’ve all done a good job of helping them relax and making the process as easy as possible.”

Cara enjoys traveling and spent her last birthday in New York City shopping and seeing the sites. She also likes anything that takes her outdoors...especially motor sports, working out and scuba diving.

In her free time, Cara takes care of her 91 year old grandmother who is legally blind, taking her shopping, out to eat and to medical appointments.

She also has a “child”...her 13 year old Pomeranian, Mystic ■
