## Celebrating a Legacy of Smiles

Change is sometimes difficult to embrace, as the natural order of your life is disrupted. Endodontic Associates has undergone a tremendous change with the retirement of our founder, Dr. Lee Beasley. Lee was a friend and colleague of mine for 32 years. I was always impressed by his work ethic and his ability to look at the big picture and be a forward thinker. He was unmatched in his dedication to this practice and has spent a tremendous amount of time supporting dentistry in this state. His departure from practicing dentistry will certainly be missed by all of us and by those who worked with him at the state level. We all wish him well in his new endeavors. Those of us remaining at Endodontic Associates will continue to

Quality Patient Care in a Comfortable Environment

## In Memory

Endodontic Associates is mourning the loss of longtime employee Susan Reiswig. Susan worked in this practice for 35 years.

She was a kind, unassuming, and hardworking soul who was a valued member of this team. Susan was continually doing things that needed to be done without being asked to do them. She was always a giver and never asked for anything in return. Her sons and grandsons were a joy in her life. She had been in failing health and quietly passed away too early in her life. We will miss her. ■

*Alzheimer's research was a cause close to Susan's heart. Susan and her family walked every year in memory of her late husband Kent, who suffered from the disease.*

## Bravo

■ Good luck to our former Marketing Coordinator Gina Cannon Mertens as she pursues her teaching career. We will miss you, Gina!

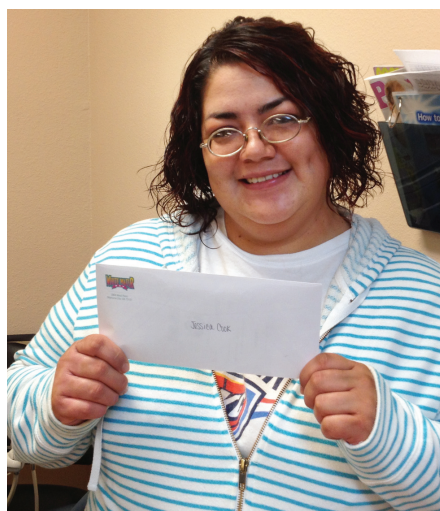

## Congratulations...
