Thank you for attending the annual seminar!

Endodontic Associates has just completed its annual seminar program with Dr. Stephen Poss talking about **Advanced Anterior Esthetics**.

Our referring doctor seminar programs were started back in the early 1990s as a way to thank each and every one of you who utilizes our office for your patients' endodontic needs. It is a humble feeling to be entrusted with the care of your patients, and we have always strived to provide the best care that we can for those referrals.

We have had many excellent speakers

over the years, and I believe the series has been good for everyone involved. It gives the doctors at EA a chance to visit with many of our referring dentists. It's great to put a face with a name and to give our referring doctors a chance to interact with the people they are entrusting to care for their patients. In addition, it gives our referring doctors an opportunity to collect a few more continuing education hours.

It is our way to thank you for making our practice possible. We look forward to many more seminars in the future.

-Dr. Leslie B. Hardy, Jr., D.D.S.
